

A RESOLUTION OF THE UTAH AIR QUALITY BOARD

Whereas, the Utah Air Quality Board is required by Utah law to develop plans and implement programs to protect the health and environment of the citizens of Utah; and

Whereas, the Utah Air Quality Board and the local health departments are each responsible for designing and implementing programs that address air quality issues in Utah; and

Whereas, many of the programs required in the plans adopted by the Air Quality Board to protect the public health and the environment are implemented by local health departments; and

Whereas, a representative of local health departments is on most of the Boards created pursuant to Section 19-1-106 of the Utah Code; and

Whereas, the Utah Air Quality Board has determined that it is essential to have input and coordination from local health departments to more effectively perform its duties;

NOW, THEREFORE, BE IT RESOLVED BY THE UTAH AIR QUALITY BOARD that a representative of local health departments will be invited to sit at the table with the members of the Board in a non-member and non-voting capacity to advise and consult with the Board on activities of the Board affecting local health departments.
